

SAFE-GAUGE

Safe Gauge has created a safer and more efficient way to test hydraulic pressure on any system up to 600bar in the mining, construction, rail and marine industries. The SafeTest PT Series allows the technician to test multiple pressures instantaneously whilst maintaining a safe distance – clear from the “line of fire”.

Wireless MultiTool

Pressure Transducer

Charging Case

A SafeTest PT Series kit consists of 2, 4 or 6 Pressure Transducers, our Wireless MultiTool and Charging Case.

Pressure Transducers are suitable for any type of plant machinery and come in a 2, 4 or 6 channel kit.

An accessory kit is also available and contains all the fittings and adaptors needed for a safe, effortless, hands free pressure testing experience.

SafeTest **PT Series**

Our most popular accessories

- CAT/Stauff Adaptors
- CAT/Stauff Couplings
- W-MultiTool Mag Base
- PT Mag Base
- High Pressure Hoses - 300mm
- USB DataLink - add any new SafeTest feature to your W-MultiTool by connecting with your PC through the USB DataLink!

All accessories are available to purchase in a compact kit or sold individually.

Join some of the world's largest miners & OEM's such as Rio Tinto, BHP & WesTrac who have implemented the SafeTest PT Series as their new industry standard for pressure testing.

SAFETY

- Injury and liability reduction
- Removing workers from the danger zone
- Fluid injection elimination
- Removes workers from being connected to the machine when testing
- Hose management. Removing:
 - Trip hazards
 - Line entanglement,
 - Multiple hose connections

EFFICIENCY

- Replaces multiple gauges
- Improved standard work procedures
- 4 fold efficiency improvement
- Ready to go compact kit

SafeTest

PT Series

FLUID INJECTION,
DON'T RISK IT.

SIMPLICITY

- Standard 1/4" NPT connection
- Simple and easy operation
- Quick connect - plug and play
- Colour coded and numbered
- Ergonomic

ACCURACY

- Calibration from factory
- Accurate over a broad range of pressure
- More accurate than standard gauges
- NATA certified (optional)
